

# The Readers' Query

“I do not very readily accept disciples as this path of Yoga is difficult one and it can be followed only if there is a special call.”<sup>21</sup>

**SRI AUROBINDO**

“But the difficulty is to find the “some one” who knows *Sri Aurobindo* **thoroughly**... (and subsequently) who is capable of receiving His inspirations directly...capable of understanding *Sri Aurobindo's* inspiration and transmitting it...and has at the same time very strong character... (and if possible) to have His genius<sup>20</sup>... For years I have been looking for that man, without finding him.”<sup>19</sup>

**THE MOTHER**

“I do not want hundreds of thousands of disciples. It will be enough if I can get a hundred complete men, purified of petty egoism, who will be the instruments of God.”<sup>2</sup>

**SRI AUROBINDO**

“Even if one person could put himself faithfully at the disposal of the **Truth**, he could change the country and the world.”<sup>18</sup>

**THE MOTHER**

“There are very few people who carry with them an atmosphere which irradiates joy, peace, confidence- it is very rare. But these are truly benefactors of humanity. They don't need to open their mouth.”

**THE MOTHER**

“All I would need is one man who had an absolute trust and was receptive, with a power of execution.”<sup>22</sup>

**THE MOTHER**

“That is exactly what *Sri Aurobindo* wanted and attempted; he used to say, “If I can find a hundred people, it will be enough for my purpose.”<sup>2</sup>

**THE MOTHER**

“Otherwise what will be ultimately accomplished is an achievement by the few initiating a new order of beings, while humanity will have passed sentence of unfitness on itself and may fall back into an evolutionary decline or a stationary immobility; for it is the constant upward effort (of the few) that has kept humanity alive and maintained for it its place in the front of creation.”<sup>23</sup>

**SRI AUROBINDO**

“In men, says the Upanishad, the Self-Existent has cut the doors of consciousness outward, but a few turn the eye inward and it is these who see and know the Spirit and develop the spiritual being.”<sup>24</sup>

### **SRI AUROBINDO**

“Many times in his writings, particularly in *The Synthesis of Yoga*, Sri Aurobindo warns us against the imaginings of those who believe they can do *sadhana* **without rigorous self-control** and who heed all sorts of inspirations, which lead them to a dangerous imbalance where all their repressed, hidden, secret desires come out into the open under the pretence of liberation from ordinary conventions and ordinary reason.”<sup>26</sup>

### **THE MOTHER**

After the arrival of *The Mother* and *Sri Aurobindo*, the Supramental energy is active in earth's atmosphere very close to the material world and this inner aid with constant miracle will replace the outer aid of Religion in generalising Spirituality in humanity and this personal contact with Supramental Consciousness will be initiated from individual prepared Soul Centres. So all can open themselves towards the Supramental Love and Oneness and receive its brief touch<sup>16</sup> with miraculous result but the flow of this invisible Sunlight can be stabilised in the well built subtle and causal body of the prepared individual vessel or after one is thoroughly established in the intermediate Psychic and Spiritual plane through prolonged *Sadhana*. Intervention of this Force changes circumstances, brings very wide spread results and sooner or later the world will come under its direct influence. Thus the world appears to him with a different meaning, not a senseless and meaningless whirl in space but ‘A Presence and Greatness everywhere’<sup>17</sup> transforming receptive matter to plastic and Spiritual Law and Divine Force can penetrate uninterruptedly into the material world through its conscious human vessel. Man's future is ‘Decreed (to become God) since the beginning of the worlds.’<sup>15</sup> An *Avatara's* mission is fulfilled when the (consenting part of the) humanity arrives at a Consciousness in which He is fully established.

*Sri Aurobindo's* first and primary objective is accomplished if the surface personalities of few *Sadhakas* or ‘one hundred perfect instruments’<sup>2</sup> reveal and establish the concealed Supramental *Mahashakti* and the secondary objective is with their help expedite the process of generalisation of Spirituality and revelation of Godhead in humanity.

A relation between seeker of truth, traditional Yogi and integral Yogi is hinted in the Gita. “A seeker of truth, *jijnasu*, after many births of preparation,

purification of impurity and sin, endeavouring with sincerity becomes a traditional *Yogi* and attains the highest goal of liberation of Soul or a Soul who fell from Yoga, *yogabhrasta*, from the past birth, in this birth strives with sincerity to overcome the *samskara* of many births in brief period of this life and attains the highest goal... After many births of preparation, a traditional *Yogi*, *Jnani*, attains My *Purushottama* or Supramental state of Consciousness. Before realisation of this highest Consciousness, he also realises the intermediate stair that all this existence is Divine, the Cosmic Consciousness, *Vasudeva sarvamiti*. Such great Soul with realisation of *Vasudeva sarvamiti* or integral *Yogi* is very rare, *samahatma sudurlava*.”<sup>3</sup>

A traditional *Sadhaka*, after realisation of *Kshara*, *Akshara* and *Purushottama* consciousness feels that this realisation cannot be reconciled<sup>6</sup> with untransformed nature of three *Gunas*. So, he has no unfinished task left and hence his blissful enjoyment of existence concentrates on the issue of freedom from rebirth and escapes into supreme abode of *param dham* through the passage of *Purushottama* state. In integral Yoga, after realisation of *Kshara*, *Akshara* and *Purushottama* consciousness or after realisation Psychic, Spiritual and Supramental Being, a *Sadhaka*'s difficult task prohibits blissful enjoyment of the fruit of his labour but begins of reconciling static Matter with dynamic Spirit and thus Divine *Shakti* pours into the material vessel and confronts with Subconscient dark forces. His Psychic, Spiritual and Supramental purification, transformation and perfection resumes action from firmly established Psychic heart centre and from firmly established *Karma Yoga* where Divine Will, Knowledge and Love are perfectly reconciled.

Integral Yoga gives more importance to the emergence of Spiritual Instruments<sup>4</sup> and traditional Yoga/Religion to the emergence of psycho-physical/religious Teachers;<sup>5</sup> or “**All religions and disciplines** in *India* which use largely the **psycho-physical method**, depend more or less upon it for their practices.”<sup>1</sup> The manifestation of some intermediate truth through traditional Yoga/Religion can draw large devotees and manifestation of highest and comprehensive truth through integral Yoga can draw few strong Souls. Traditional Yoga gives more importance to self-expansion and a traditional Teacher is weighed by number of disciples and devotees surrounded him. Integral Yoga gives more importance to Subconscient transformation through self-concentration and a *Sadhaka* of integral Yoga is weighed by his enhanced capacity to bear earth's suffering and miseries and later transforming them into ecstasies. The perfect Instruments of integral Yoga with universalised Consciousness will preoccupy themselves for the benefit of individuals and humanity through concentration and illumination of their own subtle and causal body. They are nameless Spiritual leaders of humanity and their invisible world action through descent of Divine

Force or reversal of Consciousness to resolve all problems of existence, are of far greater value than any religious movement can imagine.

Those whose frontal surface nature is dominated by Courage and self-less Love, known as *Kshetriya* Soul Force and frontal Nature dominated by Truth and Wisdom, known as *Brahmin* Soul Force are recognised as superior human beings and are fit for collective Spiritual life. This work will be accelerated by the emergence of *Kshetriya* Soul force of courage and new adventure in the outer world and ceaseless battle against earthly opposition through activation of Psychic Being. The Mission will further spread by high nobility of Soul which is untouched by any littleness, narrowness and baseness and will move with a certain greatness of Spiritual conquest to confront with universal dark forces attached to present unstable creation and Supramental contagion to enter fierce battle with ‘giant sons of Darkness’<sup>7</sup> of Subconscient/Inconscient world and bears ‘inner wounds that are slow to heal.’<sup>8</sup> This manifesting action further asks that state of reconciling Wisdom which can perfectly possess all the infinite variety of external circumstances and permeate the Divine Light and Love to all the nether, neglected and less explored domain and thus illumining the whole earth. This endeavour will drive forward towards the realisation of the vision as indicated in *Savitri*, “Mere men into spiritual beings grow And see awake the dumb divinity.”<sup>9</sup>

*The Synthesis of Yoga* book (Principal Shastra) issues injunctions on a *Sadhaka* (Seeker of Truth) of integral Yoga that he should not remain indifferent to individual, collective and world imperfection and he should become accountable for his *Sadhana* (askesis) to his own Self, to the World and to the Divine.<sup>25</sup> Integral Yoga proposes that a developed Soul must not ‘look with a remote indifference on the’<sup>10</sup> sufferings of the unblessed ordinary human being and blessed devotees and draws all of them towards Spirit’s freedom. Or ‘even if our personal deliverance is complete, still there is the suffering of others, the world travail, which **the great of soul** cannot regard with indifference.’<sup>11</sup> ‘Accepting life, he (a *Sadhaka* of integral Yoga) has to bear not only his own burden, but a great part of the world’s burden too along with it, as a continuation of his own sufficiently heavy load. Therefore his Yoga has much more of the nature of a battle than others; but this is not only an individual battle, it is a collective war waged over a considerable country.’<sup>12</sup> The forceful directive issued in the principal *Shastra* is to ‘leave nothing around it (liberated Soul *Sadhaka*) unchanged’<sup>13</sup> superseding the previous stand ‘which will no way seek to change their outward appearance...and old human surroundings.’<sup>13</sup> His personal and communal existence must ‘take full account of’<sup>14</sup> present imperfection and he has to ‘see how it can be converted to the law of a possible perfection.’<sup>14</sup>
